1950. Since that time the population has multiplied as follows:

1950—222,201
1952—31,834 (January)
1953—44,914 (November)
1955—67,459 (September)

It has been estimated that residents are moving into Torrance at the rate of about 1000 a month. Local observers feel that the new figure will be in the neighborhood of 82,000.

The contest will close around October 22, about one week before the census will probably be completed.

The contest is open to anyone regardless of age, living within the circulation area of the Torrance Press (including Lomita, Harbor City, Carson area, Welteria, Shoestring Strip, Avalon Village, as well as Torrance).

First prize will be the Las Vegas trip or \$200 cash; and prize, a portable TV set.

In case of a tie, the first prize will be split. Duplicate prizes will be given for second place, with a limit of two prizes being awarded in this category.

Coupons may be mailed or brought to the Torrance Press: Census Contest, Torrance Press, 1406 Cravens Ave., Torrance.

The official final census figure released from Washington, D. C., rather than the unofficial figure released locally, will be used for judging.

First and second place winners will be those whose guess comes closest to the actual figure.

Olympic Team Will Give Show

Torrance groups and individuals swung into action this week to sponsor one member of a 10-man lifeguard team for the Olympics competitions in Australia.

Bud Stevenson, chief of Los Angeles County Life Guards, asked the city for support on the matter, stating that it costs \$1000 to send one man.

Mayor Albert Isen, with the approval of the council, placed the swimming pool at the disposal of the lifeguards for a fund-raising exhibition water polo game.

Isen said that this was the best the city could do, being broke and unable to make an outright donation.

Isen obtained the aid of the Junior Chamber of Commerce and the Torrance Mounted Po-

not even passing there, he said.

School officials indicated that with the hoped for passage of Proposition 2 in November, the local district will be able to obtain state funds for the purchase of additional school sites. It will take about 1½ years to build schools.

The use of the override tax is not contemplated at present before the school plants are available, Dr. Hull said. He said that probably only a "few cents" of the 75 cents override tax will be asked during 1957-58 and that the probable increase in assessed valuation will take care of most of the expenses, like

additional teacher salaries. Dr. Hull had high praise for the work by the PTAs in getting the people to vote for the tax issue, the response of the voters to the district's needs, and the coverage and editorial support of the Torrance Press, as well as press coverage generally.

street and fired five shots at them.

Sgt. Morris and Detective Don Hamilton responded to the call and staked out the area when they could not find the suspects.

About one and one-half hours later the suspects returned to their car. Hamilton, who had been watching, rushed out, warning: "Halt, police."

The two men ignored the warning and drove off at a high rate of speed. Hamilton fired five shots at the disappearing vehicle, hitting it twice.

Morris, who had been alerted, continued in pursuit of the car, finally running it to the curb and arresting the suspects who surrendered meekly.
